any behind them."

He threw out an emphatic forefinger. "I'm no respecter of persons when they're criminals. If I had found evidence in this case to implicate the president of the largest corporation in the United States and the Board of Directors, I'd have been right after them all. That's my business, my calling, I'm conducting a detective agency. When I'm employed to find out who committed a crime I go out to find him. I don't care a row of red apples who he is or where he is. The people who call mean 'enemy to labor' for running down these dynamiters are as muddle headed as the jawsmiths in San Francisco who called me an 'enemy of capital' for going after the big fellows in the graft investigation out there. When I have my case against a criminal I put the clamps on him just as quick whether he has diamond rings on his fingers or callouses as big as hoofs. That's none of my affair."

## FIND CLOCK BOMB IN PEORIA

When he had relieved his indignation against the men who had been accusing him of "conspiring with capital to crush labor"—and had rounded out his opinion of them in two or three sentences of comprehensive and soul-satisfying invective—he continued with the Peoria case:

"The explosions at the Lucas foundry hadn't left any clew to anything there; but in the railroad yards at East Peoria, among the bridge girders, a watchman had picked up an unexploded clock-work bomb. Now, then!" He plucked up his shirt sleeves to clear his wrists for explanations. "They had sawed out a piece of board about the width of a barrel stave and, say, nine inches long, and they had fastened a small dry battery to it with wires that held the battery lying on its side. In front of the battery they had fastened a little alarm clock. There was the usual thumb key on the back of the clock to wind the alarm, and they had soldered to the flap of this thumb key a thin strip of metal bent down in such a way that if the key were turned the strip would make a contact with another strip that had been attached to one of the poles of the battery. A telephone wire led from the clock to a 10-quart can of nitroglycerin, and there was a fulminating cap on the end of it, in the glycerin. Another wire completed the circuit from the battery into the cap."

## FREE SAMPLE CURED OLD PERSON'S BOWEL TROUBLE

One of the most remarkable proofs of the unusual laxative merit contained in Dr. Caldwell's Syrup Pepsin is that it is effective not only in people in the prime of life, but at the extremes of ages. As many letters are received from mothers regarding the cures of children, as from men and women of sixty, seventy and eighty years of age. It must be truly a wonderful laxative.

In the cure of constipation and bowel trouble in old people it has no equal. It corrects the constipation, dispels the headache, biliousness, gas, drowsiness after eating, etc. People advancing in years should see to it that their bowels move freely, and if they do not to take Dr. Caldwell's

Syrup Pepsin. You can prolong your life by healthy bowel action. Clogged bowels invite disease. Women about to pass the menstrual period cannot do better than use Syrup Pepsin several times a week until the system has settled to its future condition.

Among the strongest supporters of Dr. Caldwell's Syrup Pepsin are Mr. W. G. Zorn of New Decatur, Ala., and Mr. George S. Spaulding of the National Soldiers' Home, Kansas, both elderly men. The regular size bottles can be bought of any druggist at fifty cents and one dollar, but a free sample bottle can be had by sending your address to the doctor.

Address him Dr. W. B. Caldwell, 402 Caldwell building, Monticello, Ill.

CAPITAL STOCK \$25,000. SURPLUS \$25,000.

## How Detective Wm. J. Burns Captured the McNamaras

(CONTINUED FROM LAST WEEK)  
CONDITIONS BAD AS WAR

"The thing got so bad that a war wouldn't have been much worse. For 1909 and down to the time of the Peoria affair in September, 1910, we made a list of 35 destructive explosions, three other unsuccessful attempts, and seven assaults on workmen. A viaduct in Hoboken, N. J., was blown up in March 1909, by a charge of dynamite that wrecked several neighboring buildings and nearly killed a number of people who lived around there. A viaduct over the New York Central tracks in Buffalo, N. Y., was wrecked in October, 1909, by an explosion that drove pieces of a bridge column through the walls of the nearby houses. A trestle for a street railway in Pittsburg was blown up in the night of July 15, 1910, and if a street car had been passing at the time all on board might have been killed. ## WHERE DOCTORS FAILED TO HELP

Lidia E. Pinkham's Vegetable Compound Restored  
Mrs. Green's Health—  
Her Own Statement.

Covington, Mo.—"Your medicine has done me more good than all the doctor's medicines. At every monthly period I had to stay in bed four days because of hemorrhages, and my back was so weak I could hardly walk. I have been taking Lidia E. Pinkham's Vegetable Compound and now I can stay up and do my work. I think it is the best medicine on earth for women."

—Mrs. JESSIE GUNN, Covington, Mo.

How Mrs. Cline Avoided  
Operation.  
Brownsville, Ind.—"I can say that Lidia E. Pinkham's Vegetable Compound has done me more good than anything else. One doctor said I must be operated upon for a serious female trouble and that nothing could help me but an operation."

"I had hemorrhages and at times could not get any medicine to stop them. I got in such a weak condition that I would have died if I had not got relief soon."

"Several women who had taken your Compound, told me to try it and I did and found it to be the right medicine to build up the system and overcome female troubles."

"I am now in good health better than I was in my worst days, so I think I will recommend it to all women."
